LATEST BATCH SCANNED BEHIND CLOSED DOORS

SENATOR LADD, N. D., PRESIDES OVER SESSION IN ABSENCE OF LENROOT

THE LATTER SENATOR TAKES A WEEK'S VACATION AT SOUTHERN PINES, N. C.

Congress Today
By United Press

Senate: Oil investigation continues.
Norbeck-Burtness bill.
House: Muscle Shoals.

Washington, March 5—A new batch of telegrams, sent and received by the principal figures in the naval oil scandal, were examined by the inquiring committee today behind closed doors.

The messages were submitted by the local Western Union office. They were examined by the committee in executive session, to determine which were pertinent to the present investigation.

Those which were found relevant will be made public later.

Senator Ladd, North Dakota republican, presided over the session in the absence of Chairman Lenroot, who left last night for a week's vacation at Southern Pines, North Carolina.

SENATE COMMITTEE ON TRAIL BIG CHECK

Washington, March 5.—The Senate oil committee hit the trail of a $10,000 check, which it believes may show a reason for the pointed interest displayed by Edward B. McLean, regarding developments in the oil industry.

John Major, self-described confidential agent of the Washington publisher, was recalled to the stand to explain a hypothetical question he put to McLean in one of the Palm Beach telegrams about the check.

Senator Thomas J. Walsh, chief of the prosecution, is firm in the opinion that this $10,000 slip of paper relates to the inquiry, because it was referred to in a telegram in which the department of justice code was used.

In the message Major asked McLean if banks kept a record of notations on checks—for instance a notation that the check was "for purchase of a house."

Other McLean employees and those mentioned in the messages, also were called to see if they could shed any light on what was the real notation on the hypothetical check.

Simultaneously Walsh is expected to reveal further details of efforts to discredit his work in unearthing the oil scandal. He may make a speech on the floor mentioning names of those he has been informed are working to find "something on him," to force him to drop his investigation.

Besides Major, the witnesses to be heard today include Ira Bennett, of the Washington Post, who sent a message to McLean saying, "we have the principal;" W. O. Duckstein, secretary to McLean and Fred Starek, a director of the war finance corporation.

AIM TO KILL MUSCLE SHOALS PROJECT

Washington, March 5.—Foes of Henry Ford in the house today plan to kill his Muscle Shoals offer with amendments.

Debate on the MacKenzie bill, providing acceptance of the Ford offer, will be held today and open the way to the next fight—a battle of amendments.

Friends of the measure insist that it must go through congress as written, but opponents of the measure are planning to force adoption of the following amendments:

1. Reduce the Ford lease from 100 to 50 years.
2. Place the Muscle Shoals plant under the jurisdiction of the federal power commission.
3. Make it mandatory for Ford to manufacture fertilizer for the farmer.

Representative McKenzie, Illinois, sponsor for the Ford offer, believes that in the bitter hours of debate remaining an explanation of the situation will result in staving off amendments.

TARIFF COMMISSION MAKES ITS REPORT

The report of the tariff commission on its wheat inquiry was received at the White House today.

SENATE DAUGHTERTY COMMITTEE MEETS

Washington, March 5—The senate Daugherty committee today went into executive session with John H. Crim, special assistant attorney general, who handled the veterans' bureau cases at Chicago. Although members of the committee were uncommunicative as to the purpose of calling Crim in, it was understood they desire to secure his aid in the investigation.

Before taking over the veterans bureau cases under a special commission, Crim was assistant attorney general in charge of criminal prosecution. He made a record of prosecuting Texas and Oklahoma oil swindlers last fall.

ATTORNEY CONNECTED WITH OIL COMPANY

Washington, March 5.—Samuel Knight, recently appointed by President Coolidge to conduct litigation to recover sections 16 and 36 in California, is an attorney for the Equitable Trust Company of New York, Senator Walsh, Montana, announced today he had been "reliably informed."

Walsh said the trust company was controlled by Standard Oil and pointed out that it was the Standard Oil leases which Knight had been written by the president to attempt to cancel.

ARMY BOMBERS FIND HARD TASK AT ICE JAM ON THE PLATTE

(By United Press)

Omaha, Neb., March 5.—Two army Martin bombing airplanes which last summer destroyed the battleships Virginia and New Jersey in bombing tests, found a harder task with a huge ice jam in the Platte river near North Bend, Neb., the pilots reported today.

The planes, piloted by Lieutenants Whitley and Finley, dropped 25 bombs each weighing 300 pounds on the jam before the huge mass of ice dislodged.

Five miles further down the river the jam re-formed and the aviators had their work to do over again.

Enough dynamite was used on the jams to blow up a fleet of waships, the officials said.

The flood situation is believed to be greatly improved today. The Union Pacific main line was washed out in 12 different places and it will be several days before normal rail service is restored.

YOUNG WOMAN WAS SENTENCED

LEILA LEWIS OF ST PAUL PLEAD GUILTY TO EMBEZZLEMENT

(By United Press)

St. Paul, March 5.—Leila Lewis, 27, was taken to Shakopee to serve an indefinite sentence in the state reformatory for women there late yesterday.

Miss Lewis was sentenced yesterday following her plea of guilty to third degree forgery and embezzlement of $8,000 from the First National bank here, where she was employed as a bookkeeper.

Her love of fine clothes prompted her to commit the crime, she said.

INTERNATIONAL EXPERTS WERE IN DISAGREEMENT

TWO OF PRINCIPAL POINTS REGARDING GERMAN FINANCES DISCUSSED

MUST BE IRONED OUT BEFORE REPORT IS SUBMITTED TO COMMISSION

(By United Press)

Paris, March 5.—The international experts, inquiring into Germany's finances, were in disagreement today on two of their principal points, the last that remained to be ironed out before their report is submitted to the reparations commission.

A business meeting of the committee, headed by General Charles G. Dawes, which is investigating Germany's capacity to pay, and ways and means to make her pay, was called today and it was believed the difficulties can be speedily removed.

The thorny question of control of Germany's budget, and of the railroads of the Ruhr and Rhineland, were the only outstanding difficulties..

Despite many unofficial reports and rumors that the experts were through with their work and they were in agreement on all points, the United Press learned they had these problems yet to settle before reporting to the commission.

WORLD MEET SEEN IN MACDONALD PLAN

LETTERS OF BRITISH PREMIER AND POINCARE MAY BRING RESULT

London, March 5.—The correspondence between Prime Minister Ramsey MacDonald and Premier Poincare is not expected to lead to any immediate results. Mr. MacDonald meantime feels that he must wait until the reports of the experts committee appointed by the reparations commission have been received and considered before he can decide upon any step forward, and any prophecies of what he will then propose can be only speculations.

But, despite their inability to announce an immediate move, government circles are confident that publication of the letters is of advantage. They have been read throughout France and Great Britain, and they have laid before the public at large a comprehensive statement of the difficulties which must be overcome if Anglo-French co-operation is to be preserved. They will have important results when the representatives of the two governments come together again in conference.

Although Mr. MacDonald will not at present consider either a conference or personal interview with M. Poincare, it is evident that his proposal for taking a comprehensive view of Europe's troubles looks directly toward an international gathering. If it is decided to make it a worldwide one, the United must participate.

FOUND NITRO-GLYCERINE IN SUSPECT'S ROOM

(By United Press)

Minneapolis, March 5.—Authorities of Clay county, N. D., asked Minneapolis police today for the custody of James Little.

He was arrested in a room here and is held for investigation. A bottle of nitro-glycerine was said to have been found in his room.

The North Dakota authorities are trying to connect him with a safe blowing gang which made several raids in Fargo.

MINNESOTA TAXPAYERS CARRY BIG BURDEN

(By United Press)

St. Paul, March 5.—Minnesota taxpayers will pay out $12,000,000 more this year than last year.

Tax lists sent to county auditors by R. P. Chase, state auditor, today, revealed a total levy for this year of $126,517,994. Last year the levy totaled $114,032,640. Auto taxes, of course, are paid only by owners of machines.

The average rate of taxation throughout the state is 59.47 mills, an increase of more than five mills over last year's average.

Increase in levies for schools is responsible for a large part of the increase, according to M. J. Desmond, deputy state auditor.

The total value of assessed property is but slightly more than last year, the total being $1,952,017,243 last year compared with $1,976,549,257 this year.

U. S. NOT TO GRANT INDEPENDENCE TO THE PHILIPPINES

PRESIDENT COOLIDGE MAKES A STATEMENT IN LETTER TO MANUEL ROXAS

AMERICAN GOVERNMENT HAS FULL CONFIDENCE IN WOOD'S ADMINISTRATION

(By United Press)

Washington, March 5.—The United States will not at this time grant independence to the Philippines, President Coolidge said in a letter today to Manuel Roxas, chairman of the Philippine Independent Mission, here.

At the same time, the president said that this government has full confidence in the administration of the islands by Governor General Leonard Wood.

After describing the present situation of the Philippines and what the United States has done for the islands, President Coolidge declared:

"A fair appraisal of all these conditions and of others which suggest themselves without requiring enumeration will, I am sure, justify the frank statement that the government of the United States would not feel that it has performed its full duty by the Philippine government or discharged all of its obligations to civilization if it should yield to the aspirations for national independence at this time.

"The government of the United States has full confidence in the ability, good intentions and fairness and sincerity of the present governor general. It is convinced that he has intended to act and has acted within the scope of his proper and constitutional authority.

"Thus convinced, it is determined to sustain him and its purpose would be to encourage the broadest and most intelligent co-operation of the Filipino people in this policy.

"Looking at the whole situation fairly and impartially, one cannot but feel that the Filipino people can co-operate in the support and encouragement of as good an administration as has been afforded under General Wood, and failure will be rather a testimony of unpreparedness for its full obligation of citizenship than evidence of patriotic eagerness to advance their country."

NORTH DAKOTA SOIL IS NOT WORN OUT

(By United Press)

Fargo, N. D., March 5.—North Dakota soil is not worn out, Dr. John Lee Coulter, president of the North Dakota agricultural college declares.

"It will not be worn out for several thousand years; but it is wheat sick."

The college president explained that this means the soil is infected with wheat diseases which must be cured by rotation.

4,000 DISTINCT SHOCKS ROCKED SAN JOSE TUESDAY

OUT OF ALL SHOCKS, 12 WERE EXCEEDINGLY VIOLENT ONES, REPORTED

PRELIMINARY SURVEY INDICATES MUCH DAMAGE DONE THROUGHOUT COUNTRY

(By United Press)

San Jose, Costa Rica, March 5, 8:45 a. m.—Four hundred distinct earthquake shocks rocked San Jose and surrounding territory between 4 a. m. and 5 p. m. Tuesday, according to records of the seismograph here.

Out of all the shocks, 12 were exceedingly violent. The shocks continued at intervals throughout the night.

Two violent tremors were registered between 7:45 and 8:40 a. m. today.

A preliminary survey of the damage indicates it is great throughout the country. Details are lacking. Wires are down and government roads between San Jose and Ponta Arenas are practically impassable.

Land and rock slides, fallen bridges and uprooted trees have blocked passages to the coast. Rumors of loss of life are current, but cannot be verified.

MADE FALSE REPRESENTATIONS

JURY SO DECIDES AGAINST WOMAN IN NEW YORK CASE

(By United Press)

New York, March 5.—Mrs. Eleanor Elaine Lee Harris, falsely represented to her husband, Beverly D. Harris, former vice-president of the National City bank, that she was a pure and chaste woman of a distinguished southern family, a jury in the bankers' annulment suit found after four hours and 34 minutes of deliberation last night.

But Harris, had he been diligent, might have found out the truth before marriage, the jury held in answering certain questions. The answers will be submitted to a special term of the supreme court next Monday for final decision, as the suit was one of equity.

Mrs. Harris answered her husband's charges that she was the mistress of Eli Raynor of Memphis, gambler, by claiming to be the latter's illegitimate daughter.

She placed upon a sister "Susie" blame for many things charged against her by her husband.

The jury decided her relations with Raynor were improper and that there was no sister "Susie."

$226,000,000 TAX REFUNDS SINCE 1917

(By United Press)

Washington, March 5.—Treasury officials today were preparing figures to answer criticism in congress of the refunds of $226,000,000 in taxes since 1917. The treasury answer will be that in that period more than one billion dollars has been added to the returns of individuals and corporations on income and other taxes.

In 1923 the internal revenue bureau refunded more than $123,000,000 in sums ranging from $1,000 to more than $9,000,000, but in the same year, it was pointed out today by bureau officials, more than $600,000,000 was added to the taxes of wealthy individuals and business concerns. A large percentage of this $600,000,000 has been collected, it was stated, so that the treasury shows a net gain. Nevertheless the house appropriations committee will go ahead with an investigation into the cause of a $105,000,000 deficit caused by tax refunds.

SHORT-CIRCUITED 4,000 VOLT POWER LINE; MAY LIVE

(By United Press)

St. Paul, March 5.—B. P. Cord, painter, short-circuited a 4,000 volt power line on a switchboard, and was burned from head to foot.

The current knocked his heavy laced boots from his feet. Physicians at the city hospital, however, said Cord has a chance to live.

HENNEPIN COUNTY CONVENTION MEETS

(By United Press)

Minneapolis, March 5.—The Hennepin county convention of the Republican party met here today.

At this meeting delegates to the various Congressional district conventions will be chosen. These in turn will choose two delegates to the national meeting.

Today's session also will choose delegates to the Republican state convention to be held in St. Paul on March 8.

REPUBLICANS IN CONVENTION

DEMOCRATS BUSY FOR STATE-WIDE MEETING ON MAY 31ST

(By United Press)

St. Paul, March 5.—While republicans today selected delegates to their state conventions, democrats laid plans for a statewide gathering May 31st.

In every county of the state republican conventions responded to the call for action. Delegates were elected to congressional district caucases and the state convention, and it was believed in headquarters here that a majority of the county meetings would endorse President Coolidge. While republicans generally are agreed to stand back of Coolidge at this time, there will be some bitter contests over favorites in the state.

Women were favored in most counties by a goodly representation in the list of delegates and alternates. Precinct caucases sent a large number of women to county conventions.

The democrats meeting at the Ryan hotel made May 31st as the date for the state convention, when 27 delegates to the democratic national convention in New York City will be elected. The national convention will be held June 24.

COOLIDGE STEPS AHEAD IN IOWA

(By United Press)

Des Moines, Ia., March 5.—President Coolidge today was one step ahead of his opponents for the republican nomination for president.

Iowa republicans, holding the first state convention of the party yesterday, pledged to support Mr. Coolidge. They adopted resolutions endorsing his administration and instructing the state's 29 delegates to the Cleveland convention to vote for him for the presidential nomination.

Representatives L. J. Dickinson of Iowa was endorsed as the convention's choice for vice-president. Dickinson is one of the farm bloc leaders in the house.

4 MEN ARRESTED AS CRIME SUSPECTS

(By United Press)

St. Paul, March 5.—Four men are under arrest suspected of being connected with the murder of Fred Lindberg, Soo line watchman in May, 1922, according to police.

They will be grilled today in an effort to gather together the facts in the murder on the night of May 19th, 1922 at Cardigan Junction when the inhabitants of the town were aroused by the firing of five shots and the finding of the lifeless body of Lindberg.

CONSTITUTION AND LAW PROVIDES FOR SUCH SUCCESSION

IN CASE ELECTION THROWN INTO CONGRESS, FAILING THERE AS WELL AS AT THE POLLS

THE PRESENT HOUSE OF REPRESENTATIVES IS VERY CLOSELY DIVIDED

By J. W. T. MASON
(Written for the United Press)

New York, March 5—Charles E. Hughes may become dictator of the United States.

His reign may begin after the coming presidential election, without himself being a candidate for the presidency.

He may continue to be ruler for four years without any legal means of restraint to prevent it, and without a single vote of the American people at the polls or in Congress having been cast for him.

Such a possibility is near enough a realization for political students to be giving it serious consideration. It does not depend on the death of President Coolidge. It may happen through a series of political events, which might leave the presidency and vice-presidency of the United States vacant after the November election and automatically put the Secretary of State in complete control of the government.

If a third party is formed and nominates a presidential ticket this year the first steps will be taken toward a Hughes dictatorship. The scandals which are being daily unearthed at Washington might make a third party very strong at the elections. The fact that both democrats and republicans have been mentioned in connection with the oil lands' investigation may cause party lines to be partly obliterated in November. The third party candidates under this condition might easily carry several states.

The democratic and republican tickets would probably engage in a neck-to-neck struggle, both being blamed for conditions at Washington. Neither would have much advantage over the other. So, with the third party winning some of the electoral college votes, democrats and republicans probably would come near to breaking even.

Thus, when the electoral college met, none of the three tickets would have a majority over all. The third party ticket might keep enough votes from either of the two big parties to permit choice of a president for the constitution says no candidate can be chosen by the electoral college except by a majority vote of all the members. If no candidate has a majority the constitution directs that the election of president be made by the House of Representatives.

The voting in the House shall be by states, each state having one vote and a majority of all the states shall be necessary for choice. The House shall ballot only for the three presidential candidates having had the highest votes in the electoral college. No other names can be considered.

House Closely Divided

The present House of Representatives would do the balloting. The House is very closely divided, and third party influences might prevent any candidate for president receiving a majority of all the states. In that event, the constitution provides that if the House makes no choice before March fourth, "then the vice-president shall act as president, as in the case of the death or other constitutional disability of the president."

This section of the constitution is vague and might have to be interpreted eventually by the supreme court. The vice-president before the fourth of March would mean the existing incumbent before that date. But, the clause might mean the new vice-president-elect. Whatever the interpretation, the possibility of

In 1923 the internal revenue bureau refunded more than $123,000,000 in sums ranging from $1,000 to more than $9,000,000, but in the same year, it was pointed out today by bureau officials more than $600,000,000 was added to the taxes of wealthy individuals and business concerns. A large percentage of this $600,000,000 has been collected, it was stated, so that the treasury shows a net gain. Nevertheless the house appropriations committee will go ahead with an investigation into the cause of a $105,000,000 deficit caused by tax refunds.

SHORT-CIRCUITED 4,000 VOLT POWER LINE; MAY LIVE

(By United Press)

St. Paul, March 5.—B. P. Cord, painter, short-circuited a 4,000 volt power line on a switchboard, and was burned from head to foot.

The current knocked his heavy laced boots from his feet. Physicians at the city hospital, however, said Cord has a chance to live.

HENNEPIN COUNTY CONVENTION MEETS

(By United Press)

Minneapolis, March 5.—The Hennepin county convention of the Republican party met here today.

At this meeting delegates to the various Congressional district conventions will be chosen. These in turn will choose two delegates to the national meeting.

Today's session also will choose delegates to the Republican state convention to be held in St. Paul on March 8.

DEMOCRATS BUSY FOR STATE-WIDE MEETING ON MAY 31ST

(By United Press)

St. Paul, March 5.—While republicans today selected delegates to their state conventions, democrats laid plans for a statewide gathering May 31st.

In every county of the state republican conventions responded to the call for action. Delegates were elected to congressional district caucases and the state convention, and it was believed in headquarters here that a majority of the county meetings would endorse President Coolidge. While republicans generally are agreed to stand back of Coolidge at this time, there will be some bitter contests over favorites in the state.

Women were favored in most counties by a goodly representation in the list of delegates and alternates. Precinct caucases sent a large number of women to county conventions.

The democrats meeting at the Ryan hotel made May 31st as the date for the state convention, when 27 delegates to the democratic national convention in New York City will be elected. The national convention will be held June 24.

COOLIDGE STEPS AHEAD IN IOWA

(By United Press)

Des Moines, Ia., March 5.—President Coolidge today was one step ahead of his opponents for the republican nomination for president.

Iowa republicans, holding the first state convention of the party yesterday, pledged to support Mr. Coolidge. They adopted resolutions endorsing his administration and instructing the state's 29 delegates to the Cleveland convention to vote for him for the presidential nomination.

Representatives L. J. Dickinson of Iowa was endorsed as the convention's choice for vice-president. Dickinson is one of the farm bloc leaders in the house.

4 MEN ARRESTED AS CRIME SUSPECTS

(By United Press)

St. Paul, March 5.—Four men are under arrest suspected of being connected with the murder of Fred Lindberg, Soo line watchman in May, 1922, according to police.

They will be grilled today in an effort to gather together the facts in the murder on the night of May 19th, 1922 at Cardigan Junction when the inhabitants of the town were aroused by the firing of five shots and the finding of the lifeless body of Lindberg.

CONSTITUTION AND LAW PROVIDES FOR SUCH SUCCESSION

IN CASE ELECTION THROWN INTO CONGRESS, FAILING THERE AS WELL AS AT THE POLLS

THE PRESENT HOUSE OF REPRESENTATIVES IS VERY CLOSELY DIVIDED

By J. W. T. MASON
(Written for the United Press)

New York, March 5—Charles E. Hughes may become dictator of the United States.

His reign may begin after the coming presidential election, without himself being a candidate for the presidency.

He may continue to be ruler for four years without any legal means of restraint to prevent it, and without a single vote of the American people at the polls or in Congress having been cast for him.

Such a possibility is near enough a realization for political students to be giving it serious consideration. It does not depend on the death of President Coolidge. It may happen through a series of political events, which might leave the presidency and vice-presidency of the United States vacant after the November election and automatically put the Secretary of State in complete control of the government.

If a third party is formed and nominates a presidential ticket this year the first steps will be taken toward a Hughes dictatorship. The scandals which are being daily unearthed at Washington might make a third party very strong at the elections. The fact that both democrats and republicans have been mentioned in connection with the oil lands' investigation may cause party lines to be partly obliterated in November. The third party candidates under this condition might easily carry several states.

The democratic and republican tickets would probably engage in a neck-to-neck struggle, both being blamed for conditions at Washington. Neither would have much advantage over the other. So, with the third party winning some of the electoral college votes, democrats and republicans probably would come near to breaking even.

Thus, when the electoral college met, none of the three tickets would have a majority over all. The third party ticket might keep enough votes from either of the two big parties to permit choice of a president for the constitution says no candidate can be chosen by the electoral college except by a majority vote of all the members. If no candidate has a majority the constitution directs that the election of president be made by the House of Representatives.

The voting in the House shall be by states, each state having one vote and a majority of all the states shall be necessary for choice. The House shall ballot only for the three presidential candidates having had the highest votes in the electoral college. No other names can be considered.

House Closely Divided

The present House of Representatives would do the balloting. The House is very closely divided, and third party influences might prevent any candidate for president receiving a majority of all the states. In that event, the constitution provides that if the House makes no choice before March fourth, "then the vice-president shall act as president, as in the case of the death or other constitutional disability of the president."

This section of the constitution is vague and might have to be interpreted eventually by the supreme court. The vice-president before the fourth of March would mean the existing incumbent before that date. But, the clause might mean the new vice-president-elect. Whatever the interpretation, the possibility of

County Convention Opened in Farmers Room of Court House This Afternoon

TO ELECT DELEGATES

58 Delegates to the County Convention Were Selected at Caucuses Held

The Republican county convention opened in the farmers room at the court house this afternoon at 2:30 o'clock for the purpose of electing twelve delegates to the district convention to be held in Brainerd on Friday, March 7th, and twleve to the state convention.

Eighty-eight delegates to the county convention were selected at the caucuses held throughout the county on Monday evening. Of this number the city of Brainerd furnished twenty-three.

Brainerd expects to entertain 117 delegates at the district convention on Friday, when two delegates will be elected to the national convention at Cleveland, Ohio, June 10th.

All indications point to a hundred per cent sentiment for Calvin Coolidge in this afternoon's convention, practically all of the delegates having so declared themselves, it is stated.

PEP BANQUET CHEERS BOYS

American Legion and Guests Infuse Confidence in Breasts of High School Cage Shooters

ARE DETERMINED TO WIN

Banquet at Ransford Hotel Tuesday Evening Largely Attended, Fine Talks Made

It certainly was a "pep banquet" last night, when the American Legion of Brainerd had as honor guests the first and second teams of basketball players of Brainerd high school, paying particular attention to the first team which is soon to play a momentous game with Little Falls in the preliminary tournament at Bemidji, and if winner, will enter the finals in the district championship tourney.

Kirk Smith, commander of the American Legion, introduced the toastmaster of the evening, Rev. Father Walter Remmis, who in a series of witty stories soon had the company smiling. In referring to after dinner talks, Father Remmis said the shortest one on record and also the most pleasing, was that made at a restaurant dinner, where one in the party said: "Put it all in one check."

Supt. W. C. Cobb

Superintendent W. C. Cobb, said he was glad to see the interest shown in the high school and athletics. It was gratifying to see how the cititens attended the high school games. The school could not build bleachers fast enough to hold the crowd.

Wallie Engbretson

Wallie Engbretson, star basketball shooter, thanked the Legion for the honors shown the teams and promised to go to Bemidji and bring home the bacon.

Roll is Called

Father Remmis called the roll of the first and second teams and as each boy's name was called, he rose and bowed his acknowledgement to the applause given him.

A. C. Mraz

A. C. Mraz, accompanied by Miss Marion Opsahl, sang two beautiful selections and was heartily applauded.

Mr. Rosel, the Coach

Mr. Rosel, the coach, said from the enthusiasm shown by the team, he was sure they would give Little Falls a run for the money.

Hilding Swanson

Former Senator Hilding Swanson said athletics was conductive to good morals. He was sure Brainerd would win at Bemidji.

Walter M. Murphy

Walter M. Murphy, who used to play football in the old mass formation, brought greetings and best wishes.

John H. Krekelberg

John H. Krekelberg said his firm has offered a basketball trophy for the district, and three winnings carried ownership of the cup.

O. Risberg

O. Risberg gave two splendid xylophone solos, his accompaniment being played by Miss Marion Opsahl.

A. C. Mraz sang a song of a colored man and the Risberg orchestra which had played throughout the dinner hour gave a selection. The orchestra, which donated its services played its peppiest music.

John F. Woodhead

John F. Woodhead distinguished himself as a song leader and the best of the repertoire of the Rotary and Lions clubs was utilized. Nobody sidestepped a single song.

Fred L. Sanborn

Fred L. Sanborn, athletii coach of St. John's University, complimented the Legion on their banquet and praised the basketball quints. He spoke of his connection with the direction of athletics in the University and said he had in his charge 36 basketball teams, eight hockey teams, five leagues of bowlers of five teams each, skating club, and various other forms of athletics.

Physical education in the high school is a big problem said he. The school or community banded in athletic ties is a better school or community on that account. He spoke of the old days in Brainerd high school, when the team had to borrow money to get uniforms, and recalled the old motion he made long ago that blue and white be the colors of the school.

At St. John's University every student took a physical examination on entrance. The course of instruction in athletics there is designed to build up his body. A good physique, it was decided, is just as necessary to a student as book learning.

Con O'Brien

Mayor Con O'Brien was introduced by the toastmaster as being an expert in mental gymnastics. The mayor praised the school board and faculty for their conscientious work and was sure Brainerd high's basketball quint would bring back a lot of glory from Bemidji. He spoke of his youth when he had no course of athletics at 16 except to chop wood at 50c a cord and earn enough to buy his first arithmetic.

H. F. Michael

H. F. Michael, president of the city council, said he was happy to be at an occasion like this and to celebrate the cause of clean sport. He was also glad to see the Legion espousing such a cause.

Cheer the Legion

The basketball teams gave a cheer for the Legion which nearly raised the roof of the Ransford hotel. In conclusion the toastmaster thanked all who had assisted to make the banquet such a successful affair.

Committees Assisting

Milton Mahlum was general chairman of the banquet. Committee assisting were:

Banquet arrangements—Kirk Smith, A. A. Gieriet and Clyde E. Parker.

Music—Dr. Badeaux, A. C. Mraz and Henry Fossum.

Finance and tickets—Earl O'Brien Gerald McGivern, W. T. Conkin, Walter J. Mlinar and C. C. Davis.

Speakers and program—Bert Orne, Ralph Falconer and Melville Bredenberg.

Decorations—Ben Anderson, R. M. Johnson, Ed. Koop, Ernest Butler and Fred McGivern.

Pep committee—Elmer Franson, Harold Purdy, Bruce Hayes and P. A. McGarry.

High School Appreciation

The high school boys wish this appreciation, written by them, published:

What's the matter with the American Legion? They're all right!

So the basketball squads at the Brainerd high say.

Every one of the boys wishes to express his thanks and kind feelings toward the American Legion; and every other individual who thought enough of the old high to come out and make the pep meet the success that it was. Speaking of pep, it was one of the best pep meets held in Brainerd.

The singing and the speeches, and especially the talks given by Toastmaster Rev. Father Remmis, and Fred L. Sanborn will go a long way in helping the boys come through the tournament victorious.

Two men who have helped athletics in the high school, but who have not been brought before the public eye for their good work are Dr. Joseph Nicholson, who gave the free physical examination to over thirty athletics, and Doctor Herzog who put many an injured player back in the game.

Neither one of these doctors have received any pay for their much valued services, and are to be thanked for the spirit they have shown.

The team left Brainerd Wednesday afternoon. With the royal send off they received Tuesday night, they are sure to make a good showing, every player vowing to give every ounce of fight that he possesses.

WHY WE SHOULD PATRONIZE HOME INDUSTRY, AND THE RESULT

THIS is an editorial on "Why We Should Patronize Home Industry, and the Result." One instance we will cite; a small industry employing a small number of men has contributed to one business concern alone in Brainerd $3,000 worth of business during a period of six years. By making it a point to patronize home industry, we could readily bring about a condition whereby we would have a great many small industries in Brainerd which would at all times thrive. Taking all of the proposed industries together, we would have something that would be worth more to us than one large industry that would be wholly along certain lines. We must acquaint ourselves with the fact that diversity of industry is a great deal more desirable than a single industry, no matter how large it may be.

If every one living in Brainerd would say, "I am going to buy everything in Brainerd that I possibly can for one year," can you imagine what the result would be? Where we have little industries, struggling along, taking the leavings that are not sent out of town, in one year's time would be employing ten-fold more help in the way of both men and women. Where one of these concerns would be running one truck to deliver with, we would see four or five trucks needed to do their delivering. And the change that would be taking place in Brainerd within that year, we venture to say, would open the eyes of every native of our city and in doing so there is not a man, woman or child in Brainerd who would not be so much delighted with the phenomenal change which would take place in the betterment of conditions that we would wonder what we had been doing for the last 20 years. The home trade spirit would become so predominant that it would be utterly impossible to think of any one sending one dollar out of town for anything that they might need.

In adjusting ourselves to this situation it behooves every one to make a solemn declaration that from now on we will be Brainerd citizens, not only as a matter of living in Brainerd, but we will show our appreciation of this fact by patronizing every home industry that now exists or may exist in Brainerd in the near future.

This $2,400 should be raised.

It may be done in 24 hours if everyone goes after the job with spirit.

Let's get it off our minds, and get back to business again.

Scores of reasons could be given why everyone should get back of the Heart Fund and raise this necessary money to carry on the work.

A nation's assets are its human resources. Thus, every time a "Man who is Down" is lifted to his feet, up goes the international market in "U. S. Common."

"Investing in Humanity" pays a big dividend.

At the end of life, we shall not be asked how much pleasure we had in it; not how full it was of success, but how full it was of sacrifice, not how happy we were, how ambition was gratified, but how love was served.

The great service of the Salvation Army is that of putting heart into men and women who have weakened. This is human reconstruction. The Army and its individual men and women officers, by the excellence of their work and their self-sacrifice, give aim to those who are purposeless and hope to those who have lost hope.

It is those who are actual or potential charges upon the taxpayer that the Salvation Army is interested in. Statistics show that two out of every three cases of derelicts and fallen women and persons in distress who are handled by the Salvation Army make good and become worth-while and industrious citizens.

Let's get after the job of raising this $2,400 and let's do it immediately.

In other words, "Let's Go!"

INTERESTING STATISTICS

INTERESTING statistics have been gathered by Mrs. Inez Foster, county home demonstration agent, who in a recent lecture made public her figures that a woman walks on an average of a quarter of a mile in baking a pie. She cited the figures to show the labor of housework.

It's no wonder some women are clamoring for a small, well-arranged convenient kitchen. If it takes a quarter of a mile of walking to get the pie out, how much is consumed on fried chickens, 10,000 lakes salad dressing, prune whip, etc.? Mrs. Foster's observations must have been made on the farm where the housewife was burning wood in the range and had to make occasional trips to the woodpile near the barn in order to replenish her fuel stocks. It could not have been in a well-ordered kitchen having a gas range, hot water heater, and other conveniences.

And while we are on household economics, has any one, except pa, figured on the pedestrian feats accomplished when he made a midnight marathon with a colicky baby?

HIGH FINANCE IN ST. PAUL

HARDLY has a St. Paul cashier of a hardware store been sent on his way to working out a heavy sentence for embezzling an employer's funds, than comes the story of a St. Paul girl, charged with embezzling $7,000 from a bank where she was employed.

Like the $125 a month clerk who took a "flier" into theatre parties and the world of art, so the girl, with a salary of only $75 a month, is charged with living beyond her means and making herself a dear chum of girl friends by giving lavish presents of lingerie, etc. Both assumed stations beyond their salary limits. In both cases, as viewed by the general public, the employers are to blame when such reckless bookkeeping can be carried on under their very noses.

HUGHES MAY RULE IN CASE OF THIRD PARTY DEADLOCK

(Continued from page 1)

Charles E. Hughes succeeding to the presidency remains.

The constitution says if the electoral college fails to choose a vice-president by a majority of all the electors, the senate shall choose between the two candidates having the highest number of electoral college votes. But, the constitution requires that a majority of the whole number of senators shall be necessary for choice. In the present senate, which would do the balloting, party division is close that progressives hold the balance of power. Third party senators therefore by remaining away or not voting might prevent a majority vote of the whole number of senators being cast for either vice-presidential candidate.

There is now no vice-president of the United States, and a deadlock in the senate would keep the country from having any vice-president-elect by March fourth.

The succession would then have to be determined by the 1886 statute. Under this law, in the event of the death or disability of the president and vice-president, the Secretary of State shall become president; or, if he defaults, the office shall pass to other members of the cabinet in order of precedence.

Secretary Hughes would not default. So a deadlock in congress, continued to March fourth would make Charles E. Hughes the legal ruler of the United States for the full presidential term. No law changing the succession and no constitutional amendment abolishing the electoral college, could cut down the Hughes dictatorship once it began, because the constitution prevents ex-post facto enactments.

A SAFE TEST

For those who are in need of a remedy for kidney troubles and backache, it is a good plan to try Doan's Pills. They are strongly recommended by Brainerd people. Ask your neighbor!

Mrs. J. R. Mutch, 618 5th St., S. Brainerd, says: "There was hardly a spot in my body that wasn't sore. When I stooped, I got severe pains in my kidneys. I couldn't stand very long as I became tired and worn out. I had a steady, dull bearing down feeling in my kidneys and felt as though I had weights tied about them. I got little rest at night and mornings my back was so sore and stiff it seemed it would break if I stooped. Between all these ailments I became completely run down. A friend suggested Doan's Pills and I bought some at Dunn's Drug Store. Doan's gave me wonderful relief and I am glad to recommend them."

WHY WE SHOULD PATRONIZE HOME INDUSTRY, AND THE RESULT

THIS is an editorial on "Why We Should Patronize Home Industry, and the Result." One instance we will cite; a small industry employing a small number of men has contributed to one business concern alone in Brainerd $3,000 worth of business during a period of six years. By making it a point to patronize home industry, we could readily bring about a condition whereby we would have a great many small industries in Brainerd which would at all times thrive. Taking all of the proposed industries together, we would have something that would be worth more to us than one large industry that would be wholly along certain lines. We must acquaint ourselves with the fact that diversity of industry is a great deal more desirable than a single industry, no matter how large it may be.

If every one living in Brainerd would say, "I am going to buy everything in Brainerd that I possibly can for one year," can you imagine what the result would be? Where we have little industries, struggling along, taking the leavings that are not sent out of town, in one year's time would be employing ten-fold more help in the way of both men and women. Where one of these concerns would be running one truck to deliver with, we would see four or five trucks needed to do their delivering. And the change that would be taking place in Brainerd within that year, we venture to say, would open the eyes of every native of our city and in doing so there is not a man, woman or child in Brainerd who would not be so much delighted with the phenomenal change which would take place in the betterment of conditions that we would wonder what we had been doing for the last 20 years. The home trade spirit would become so predominant that it would be utterly impossible to think of any one sending one dollar out of town for anything that they might need.

In adjusting ourselves to this situation it behooves every one to make a solemn declaration that from now on we will be Brainerd citizens, not only as a matter of living in Brainerd, but we will show our appreciation of this fact by patronizing every home industry that now exists or may exist in Brainerd in the near future.

FIRST DAY APPEAL HAS NETTED $750

Announcement Made From Campaign Headquarters in the Chamber of Commerce

HAVE ENCOURAGING REPORTS

Lions Club, Odd Fellows, Rebekahs, Among Active Solicitors on Opening Day

The first day of Brainerd's Heart Fund campaign brought $750 to the cause, according to an announcement from campaign headquarters in the Chamber of Commerce this morning. Many unusually encouraging reports were received, and there was a steady rush for "heart stickers" and more supplies from workers.

Two teams of the Lions club yesterday turned in partial reports from their districts, and the returns were well averaged. These two Lions teams and other teams representing the Lions club will continue today.

The Odd Fellows yesterday turned in two fine reports and the Rebekahs Social club also turned in two fine reports. Several other committees are still to come in from them.

The American Legion teams start out in a group this morning, and have already announced some liberal gifts.

The Women's Relief Corps under direction of Mrs. H. Theviot made a splendid showing, and still have considerable territory to cover.

Hut Flourishing

The Doughnut Hut at 212 South 6th street did a flourishing business commencing at noon yesterday, when final arrangements for the hut were made. It will remain open until Saturday evening.

The committee representing the Business & Professional Women's club who are fostering arrangements for the hut are the Misses Bertha Millbauer, Selina Molstad, Elsie Englund and Mary Tornstrom.

Many donations of materials for the hut were received from business men of Brainerd. The flour for making of doughnuts is donated by The Tanner Mill Company and Brainerd Flour & Feed Mill, the coffee and sugar by Brainerd Grocery Company, People's Supply and O. D. Larson Grocery, eggs by Eagle Provision, lard by O'Brien Company, milk and cream by Fredstrom Dairy, Brainerd Creamery Company, Oak Lawn Dairy, Morris LeMoine Dairy.

Auto Squad Visits County

An auto squad was organized yesterday to visit the members of the county committee who are conducting campaigns this week. The committees were visited today and a fine spirit prevailed with all workers throughout the county. Some good results were promised.

Urges Speed

"Everything now depends on the workers" said members of the steering committee this morning. "The success of the campaign is now in the hands of the teams who have assignments."

"We are going to ask every team to complete their assignments at once and report to campaign headquarters. Indications to date show we will go over the top if every worker will get to his job at once."

Make The Heart Red

The eight-foot heart indicating the status of the campaign was erected yesterday over the doughnut hut at 212 South 6th street.

When the quota is subscribed the white space in the center will be filled and the heart will be "all red."

List of Marriage Licenses for February Is Disappointingly Small One

BUT SIX LICENSES RECORDED

W. A. M. Johnstone, Clerk of Court, Feels Optimistic Over the Final Results

Despite the fact that this is leap year and that the month of February had an extra day, the list of marriage licenses issued during that month is exceptionally short, there being only six couples making the matrimonial venture.

Following is the list of licenses issued by the clerk of courts:

Feb. 9th—Edward Kladt, Cass county and Hazel Gilmore.

Feb. 9th—Lawrence Stevens and Catherine Butler.

Feb. 11th—Phillip F. Holzman and Anna Lee.

Feb. 14th—William Birton Turner and Thelma Marriam Taylor Helm.

Feb. 16th—Ralph Luce Russell and Mabel Mudge.

Feb. 27th—William Henry Calkins and Evalina Mabel Anderson.

W. A. M. Johnstone, clerk of the courts, feels more optimistic, however than the above report would indicate. He states that nearly as many marriage licenses have been issued so far this month as were issued during all of last month.

Six Arrests Made by Sheriff's Office. Offenders Appear in Municipal Court

ONE FINE AS HIGH AS $75

Five Men Plead Guilty to Intoxication and Each Fined $25 and $8 Costs

Deputies from the sheriff's office raided a dance at Fort Ripley, making six arrests on liquor charges.

The offenders were haled into municipal court and disposed of as follows:

John Trutswin, plead guilty to being drunk and having liquor at the dance, and was fined $75 and $8 costs.

Henry Emilson, Carl Peterson, Earl Woodsworth, Perry Duff and Matt Hill all plead guilty to charges of intoxication, and each was fined $25 and $8 costs.

Edward Voors plead guilty in municipal court to a charge of speeding and was fined $3. Walter Walston plead guilty to a charge of intoxication and was fined $10.

METHODIST CHURCH NIGHT

Services, Partly Devotional and Part Study, to Follow After Supper Hour

Church night service will be held in the dinning room of the Methodist church Thursday evening. This is the week night service of the whole church. It is partly social, partly devotional and part study. It is becoming a great inspiration to those who are in regular attendance.

Always a good supper, some rousing hymns and a survey of the world service o fthe Methodist church. A business man not a member of the church who read the entire book said it had more information of the conditions all over the world than any other book he had read. The entire church membership and congregation should be there. Others are welcome.

Walker-Hiller

James E. Walker and Miss Mildred Mary Hiller were united in marriage at high noon Tuesday, Rev. James Hogan of St. Francis church, officiating. Miss Myrtle Murphy, cousin of Miss Hiller, acted as bridesmaid. The groom was attended by Emmet Kennedy, brother of the bride.

The bride was exquisitely attired in a gown of moon-glow satin with hat to match. She is the daughter of Mr. and Mrs. Peter J. Hiller, 1011 Bluff avenue. She has been employed as telephone operator in the local exchange.

The groom is from Thief River Falls, and is connected with the Roark construction Company as civil engineer, having been in charge of the building of the Deerwood-Bay Lake highway the past season. He is a former county highway engineer of Pennington county.

The happy couple left immediately after the ceremony for an extended honeymoon which will include the Marda Gras at New Orleans.

FIRST DAY APPEAL HAS NETTED $750

Announcement Made From Campaign Headquarters in the Chamber of Commerce

HAVE ENCOURAGING REPORTS

Lions Club, Odd Fellows, Rebekahs, Among Active Solicitors on Opening Day

The first day of Brainerd's Heart Fund campaign brought $750 to the cause, according to an announcement from campaign headquarters in the Chamber of Commerce this morning. Many unusually encouraging reports were received, and there was a steady rush for "heart stickers" and more supplies from workers.

Two teams of the Lions club yesterday turned in partial reports from their districts, and the returns were well averaged. These two Lions teams and other teams representing the Lions club will continue today.

The Odd Fellows yesterday turned in two fine reports and the Rebekahs Social club also turned in two fine reports. Several other committees are still to come in from them.

The American Legion teams start out in a group this morning, and have already announced some liberal gifts.

The Women's Relief Corps under direction of Mrs. H. Theviot made a splendid showing, and still have considerable territory to cover.

Hut Flourishing

The Doughnut Hut at 212 South 6th street did a flourishing business commencing at noon yesterday, when final arrangements for the hut were made. It will remain open until Saturday evening.

The committee representing the Business & Professional Women's club who are fostering arrangements for the hut are the Misses Bertha Millbauer, Selina Molstad, Elsie Englund and Mary Tornstrom.

Many donations of materials for the hut were received from business men of Brainerd. The flour for making of doughnuts is donated by The Tanner Mill Company and Brainerd Flour & Feed Mill, the coffee and sugar by Brainerd Grocery Company, People's Supply and O. D. Larson Grocery, eggs by Eagle Provision, lard by O'Brien Company, milk and cream by Fredstrom Dairy, Brainerd Creamery Company, Oak Lawn Dairy, Morris LeMoine Dairy.

Auto Squad Visits County

An auto squad was organized yesterday to visit the members of the county committee who are conducting campaigns this week. The committees were visited today and a fine spirit prevailed with all workers throughout the county. Some good results were promised.

Urges Speed

"Everything now depends on the workers" said members of the steering committee this morning. "The success of the campaign is now in the hands of the teams who have assignments."

"We are going to ask every team to complete their assignments at once and report to campaign headquarters. Indications to date show we will go over the top if every worker will get to his job at once."

Make The Heart Red

The eight-foot heart indicating the status of the campaign was erected yesterday over the doughnut hut at 212 South 6th street.

When the quota is subscribed the white space in the center will be filled and the heart will be "all red."

List of Marriage Licenses for February Is Disappointingly Small One

BUT SIX LICENSES RECORDED

W. A. M. Johnstone, Clerk of Court, Feels Optimistic Over the Final Results

Despite the fact that this is leap year and that the month of February had an extra day, the list of marriage licenses issued during that month is exceptionally short, there being only six couples making the matrimonial venture.

Following is the list of licenses issued by the clerk of courts:

Feb. 9th—Edward Kladt, Cass county and Hazel Gilmore.

Feb. 9th—Lawrence Stevens and Catherine Butler.

Feb. 11th—Phillip F. Holzman and Anna Lee.

Feb. 14th—William Birton Turner and Thelma Marriam Taylor Helm.

Feb. 16th—Ralph Luce Russell and Mabel Mudge.

Feb. 27th—William Henry Calkins and Evalina Mabel Anderson.

W. A. M. Johnstone, clerk of the courts, feels more optimistic, however than the above report would indicate. He states that nearly as many marriage licenses have been issued so far this month as were issued during all of last month.

METHODIST CHURCH NIGHT

Services, Partly Devotional and Part Study, to Follow After Supper Hour

Church night service will be held in the dinning room of the Methodist church Thursday evening. This is the week night service of the whole church. It is partly social, partly devotional and part study. It is becoming a great inspiration to those who are in regular attendance.

Always a good supper, some rousing hymns and a survey of the world service o fthe Methodist church. A business man not a member of the church who read the entire book said it had more information of the conditions all over the world than any other book he had read. The entire church membership and congregation should be there. Others are welcome.

Walker-Hiller

James E. Walker and Miss Mildred Mary Hiller were united in marriage at high noon Tuesday, Rev. James Hogan of St. Francis church, officiating. Miss Myrtle Murphy, cousin of Miss Hiller, acted as bridesmaid. The groom was attended by Emmet Kennedy, brother of the bride.

The bride was exquisitely attired in a gown of moon-glow satin with hat to match. She is the daughter of Mr. and Mrs. Peter J. Hiller, 1011 Bluff avenue. She has been employed as telephone operator in the local exchange.

The groom is from Thief River Falls, and is connected with the Roark construction Company as civil engineer, having been in charge of the building of the Deerwood-Bay Lake highway the past season. He is a former county highway engineer of Pennington county.

The happy couple left immediately after the ceremony for an extended honeymoon which will include the Marda Gras at New Orleans.

McGRAW HAS 20 YOUNG PITCHERS

By HENRY L. FARRELL
United Press Sports Editor

New York, March 5.—Success of the New York Giants in the 1924 National League pennant race depends for the most part on the results that John McGraw gets from his new pitchers.

Although he seems to take the Cincinnati Reds less seriously as a rival than the majority of the experts, McGraw's industry during the off-season in picking up 20 new pitchers would indicate his belief that the Giants would not be bothered with a better pitching staff.

McGraw has gone most thoroughly into the job of building up a pitching staff that for two years might have impaired the mentality of a less sturdy manager.

He has 20 recruits that must have cost a total of at least $100,000, and he has hired extra coaches to assist him in looking over the prospects of his Sarasota training camp.

If McGraw gets only two winners out of the lot, his expenditure of money and time will bear plenty of interest for him.

The Giant leader's diligence in seeking general improvement of the club was displayed when he signed Armando Marsans, former National League outfielder, to act as a professor of base running and it did not support the statements which McGraw had made to get over the idea that his club was in no great danger of losing the pennant.

In the apparent desire to add to the speed of the club, McGraw seems to be planning the revival of base running tactics of offense, a department of the game which had almost ceased to function when the lively ball brought out heavy hitting as one of the most important assets of a successful ball club.

Fast and skillful base running will stretch a lot of singles and doubles and combined with heavy hitting it will give just such an attack as a club would need that has no great defense strength in its pitching.

Ledoux didn't say much, but he did plenty. He merely went ahead about his business and won the featherweight championship of Europe.

LOCAL GIRLS VS. CROSBY FIVE HERE FRIDAY

SEE PRETTY FEMININITY IN BASKETBALL AT BRAINERD HIGH

BRAINERD TEAM IS OUT FOR BITTER REVENGE, WANTS VICTORY

(By L. P.)

The Brainerd girls will clash with the Crosby girls' team Friday evening at the high school auditorium.

The Brainerd girls are out for revenge and will need the support from all who may come.

Under the coaching of Misses Jorandby and Larson the girls will be keyed high for Friday night's contest.

The Crosby team is coming down loaded with stars on the squad and will be in for one big evening.

Although girls' basketball has not been stressed much before this year there are some good players on the team. The coaches are ready to place Edna Turner up against any girls' forward in the state. They have decided that she will make a good running mate for Wallie. She is only a freshman and will have some grand years before her.

Helen Beggs is also a fast forward, but lacks the shooting eye that Turner possesses.

Iva Trask is another girl who has to be watched and is always certain to get the tip off on her opponent, while Dagmer Nelson, her running mate at center, will make her opponent travel.

In girls' basketball the guard position is the hardest and most important part of the team. The coaches have been working hard to turn out guards that can hold Crosby's fast forwards. They feel that Alta Storm, Ella Seers and Katherine Nolan are capable of filling this position and are undecided which ones to choose for the first team. It is hoped that Crosby will find a stone wall in these guards of Brainerd's Friday night.

Miriam Michael, another fast forward, will be ready to take her place in the line-up, should she be needed, while Maysie Carmichael, who subs for Nelson, will cover the floor and her opponent will find a hard job to follow her.

In addition to the game there will be marching and setting up exercises. This is to show the public what our girls are doing in physical training up at the high school. There will be 32 girls in the setting up exercises and 40 in the marching. This will take place before the game. We are especially anxious that the mothers and fathers will all turn out to see their girls. Be there and support the girls. They need your help. Make it one grand evening. Friday, March 7, 8 P. M. Admission, 15c and 25c.

Here is the team line-up:

Forwards: Turner, Beggs, Michael.

Centers: Trask, Nelson, Carmichael.

Guards: Storm, Nolan, Seers.

EGYPTIAN PRINCE HURLS A DEFI AT DEMPSEY

Paris, March 5.—Prince Mohammed Ali Ibrahim of Egypt issued a challenge to Jack Dempsey for a 10 round fight, in which the prince offers to bet $100,000 that Dempsey cannot knock him out.

The royal Egyptian boxer has been training secretly for the last two months under Blink MacCloskey, former world's middleweight champion. A gymnasium and training quarters have been installed in the prince's luxurious apartment in the fashionable Champs Elysees district. The prince has deserted Paris night life in order to do road work in the Bois de Boulogne shortly after daybreak.

Every morning the prince takes a workout with MacCloskey, boxing 10 rounds, shadow boxing, skipping the rope, etc.

"The prince has developed a murderous right hand blow, which he calls the 'pyramid' punch," asserted MacCloskey. "When this blow lands the prince's opponent thinks a pyramid has hit him and is knocked stiffer than a sphinx. His ambition now is to get Dempsey in the ring.

"The prince does not care how much it costs to realize his ambition and therefore is willing to bet $100,000 that he can stand 10 rounds against Dempsey. If Dempsey takes the prince as a joke he is liable to get the surprise of his life, because the prince can sock them, and when he socks 'em they stay socked. He also has developed a fine defense."

PHOTOS MADE IN COURT OF BANKER HARRIS AND YOUNG WIFE HE ACCUSES

These photographs were made in New York City during the trial of the suit for annulment of marriage brought by Beverly D. Harris, formerly a Vice President of the National City Bank. He gave up his position following the publicity attendant upon his martial disputes. Harris declares he married Eleanor Elaine Lee, believing her to be of the "Lee family that founded the famous Lee line of steamboats on the Mississippi River." He alleges that Mrs. Harris had been the mistress of Eli Raynor of Memphis, an alleged gambler.

Grand Revival of the Original Stetson's "Uncle Tom's Cabin"

The oldest theatrical attraction touring on this continent, Stetson's original "Uncle Tom's Cabin" company, is announced to appear in the New Park Theatre, for a matinee and evening performance, on Tuesday, March 11th, the matinee commencing immediately after school dismisses. One cannot help but wonder why it is that "Uuncle Tom's Cabin" always proves a drawing card, yet there is nothnig so very wonderful about it when once the plot and presentation of this realistic drama is taken into consideration. We have read "Uncle Tom's Cabin" as many as twenty times, and always with absorbing interest, and so, too, we have seen it presented on the stage as many as forty times, and it seems as if we enjoy the last better than any previous rendition. There is that about the plot of "Uncle Tom's Cabin" a combination of drama, comedy, with humor and pathos, all blended so naturally and realistically that the audience lives through it all, becomes part of the players on the stage, and have their sympathies aroused to a degree that makes them think they are witnessing a real drama in every day life.

BANKRUPT'S PETITION FOR DISCHARGE AND ORDER OF NOTICE THEREON

In the District Court of the United States, for the Fifth Division, District of Minnesota.

In the Matter of Martin Gudmunsen, Bankrupt, in Bankruptcy.

To the Honorable William A. Cant, Judge of the District Court of the United States for the District of Minnesota:

Martin Gudmunsen, of the City of Brainerd, in the County of Crow Wing, and State of Minnesota, in said District, respectfully represents that on the 5th day of October, last past, he was duly adjudged bankrupt under the acts of Congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the court touching his bankruptcy.

WHEREFORE, he prays that he may be decreed by the court to have a full discharge from all debts provable against his estate under said bankrupt acts, except such debts as are excepted by law from such discharge.

Dated this 29th day of February, A. D. 1924.

MARTIN GUDMUNSEN,
Bankrupt.

Order of Notice

District of Minnesota, ss.

On the 4th day of March, A. D. 1924, on reading the foregoing Petition, it is—

ORDERED BY the Court, that a hearing be had upon the same on the 19th day of April, A. D. 1924, before the said court, at Duluth, in said district, at ten o'clock in the forenoon; and that notice thereof be published in The Brainerd Dispatch, a newspaper printed in said district, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted.

And it is further ordered by the court, that the clerk shall send, by mail, to all known creditors, copies of said petition and this order, addressed to them at their places of residence as stated.

WITNESS The Honorable Wm. A. Cant, Judge of the said court, and the seal thereof, at Duluth, in said district, on the 4th day of March, A. D. 1924.

Pimples Are Impurities Seeking An Outlet Through Skin Pores

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate; then the blood uses the skin pores as the next best means of getting rid of these impurities, which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of water each morning before breakfast for one week. This will help prevent the formation of toxins in the bowels. It also stimulates the kidneys, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

McGRAW HAS 20 YOUNG PITCHERS

By HENRY L. FARRELL
United Press Sports Editor

New York, March 5.—Success of the New York Giants in the 1924 National League pennant race depends for the most part on the results that John McGraw gets from his new pitchers.

Although he seems to take the Cincinnati Reds less seriously as a rival than the majority of the experts, McGraw's industry during the off-season in picking up 20 new pitchers would indicate his belief that the Giants would not be bothered with a better pitching staff.

McGraw has gone most thoroughly into the job of building up a pitching staff that for two years might have impaired the mentality of a less sturdy manager.

He has 20 recruits that must have cost a total of at least $100,000, and he has hired extra coaches to assist him in looking over the prospects of his Sarasota training camp.

If McGraw gets only two winners out of the lot, his expenditure of money and time will bear plenty of interest for him.

The Giant leader's diligence in seeking general improvement of the club was displayed when he signed Armando Marsans, former National League outfielder, to act as a professor of base running and it did not support the statements which McGraw had made to get over the idea that his club was in no great danger of losing the pennant.

In the apparent desire to add to the speed of the club, McGraw seems to be planning the revival of base running tactics of offense, a department of the game which had almost ceased to function when the lively ball brought out heavy hitting as one of the most important assets of a successful ball club.

Fast and skillful base running will stretch a lot of singles and doubles and combined with heavy hitting it will give just such an attack as a club would need that has no great defense strength in its pitching.

Charley Ledoux, the veteran French fighter, pulled a most convincing retaliation recently when he stepped out and showed up the mistake that a couple of judges had made against him.

Ledoux lost the bantamweight championship on a decision that caused a squawk in Paris that would have done justice to the Bronx zoo band.

Ledoux didn't say much, but he did plenty. He merely went ahead about his business and won the featherweight championship of Europe.

LOCAL GIRLS VS. CROSBY FIVE HERE FRIDAY

SEE PRETTY FEMININITY IN BASKETBALL AT BRAINERD HIGH

BRAINERD TEAM IS OUT FOR BITTER REVENGE, WANTS VICTORY

(By L. P.)

The Brainerd girls will clash with the Crosby girls' team Friday evening at the high school auditorium.

The Brainerd girls are out for revenge and will need the support from all who may come.

Under the coaching of Misses Jorandby and Larson the girls will be keyed high for Friday night's contest.

The Crosby team is coming down loaded with stars on the squad and will be in for one big evening.

Although girls' basketball has not been stressed much before this year there are some good players on the team. The coaches are ready to place Edna Turner up against any girls' forward in the state. They have decided that she will make a good running mate for Wallie. She is only a freshman and will have some grand years before her.

Helen Beggs is also a fast forward, but lacks the shooting eye that Turner possesses.

Iva Trask is another girl who has to be watched and is always certain to get the tip off on her opponent, while Dagmer Nelson, her running mate at center, will make her opponent travel.

In girls' basketball the guard position is the hardest and most important part of the team. The coaches have been working hard to turn out guards that can hold Crosby's fast forwards. They feel that Alta Storm, Ella Seers and Katherine Nolan are capable of filling this position and are undecided which ones to choose for the first team. It is hoped that Crosby will find a stone wall in these guards of Brainerd's Friday night.

Miriam Michael, another fast forward, will be ready to take her place in the line-up, should she be needed, while Maysie Carmichael, who subs for Nelson, will cover the floor and her opponent will find a hard job to follow her.

In addition to the game there will be marching and setting up exercises. This is to show the public what our girls are doing in physical training up at the high school. There will be 32 girls in the setting up exercises and 40 in the marching. This will take place before the game. We are especially anxious that the mothers and fathers will all turn out to see their girls. Be there and support the girls. They need your help. Make it one grand evening. Friday, March 7, 8 P. M. Admission, 15c and 25c.

Here is the team line-up:

Forwards: Turner, Beggs, Michael.

Centers: Trask, Nelson, Carmichael.

Guards: Storm, Nolan, Seers.

EGYPTIAN PRINCE HURLS A DEFI AT DEMPSEY

Paris, March 5.—Prince Mohammed Ali Ibrahim of Egypt issued a challenge to Jack Dempsey for a 10 round fight, in which the prince offers to bet $100,000 that Dempsey cannot knock him out.

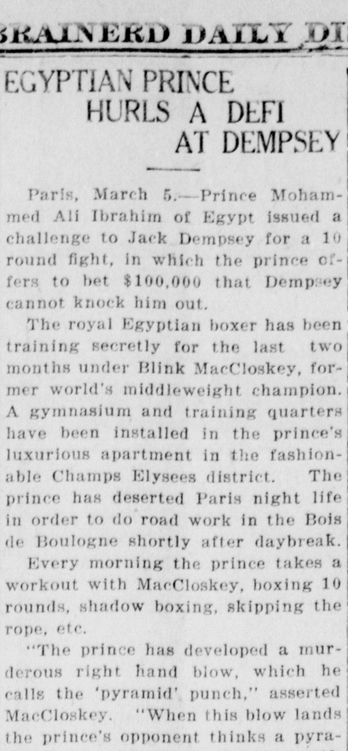

The royal Egyptian boxer has been training secretly for the last two months under Blink MacCloskey, former world's middleweight champion. A gymnasium and training quarters have been installed in the prince's luxurious apartment in the fashionable Champs Elysees district. The prince has deserted Paris night life in order to do road work in the Bois de Boulogne shortly after daybreak.

Every morning the prince takes a workout with MacCloskey, boxing 10 rounds, shadow boxing, skipping the rope, etc.

"The prince has developed a murderous right hand blow, which he calls the 'pyramid' punch," asserted MacCloskey. "When this blow lands the prince's opponent thinks a pyramid has hit him and is knocked stiffer than a sphinx. His ambition now is to get Dempsey in the ring.

"The prince does not care how much it costs to realize his ambition and therefore is willing to bet $100,000 that he can stand 10 rounds against Dempsey. If Dempsey takes the prince as a joke he is liable to get the surprise of his life, because the prince can sock them, and when he socks 'em they stay socked. He also has developed a fine defense."

PHOTOS MADE IN COURT OF BANKER HARRIS AND YOUNG WIFE HE ACCUSES

These photographs were made in New York City during the trial of the suit for annulment of marriage brought by Beverly D. Harris, formerly a Vice President of the National City Bank. He gave up his position following the publicity attendant upon his martial disputes. Harris declares he married Eleanor Elaine Lee, believing her to be of the "Lee family that founded the famous Lee line of steamboats on the Mississippi River." He alleges that Mrs. Harris had been the mistress of Eli Raynor of Memphis, an alleged gambler.

AMUSEMENTS

Grand Revival of the Original Stetson's "Uncle Tom's Cabin"

The oldest theatrical attraction touring on this continent, Stetson's original "Uncle Tom's Cabin" company, is announced to appear in the New Park Theatre, for a matinee and evening performance, on Tuesday, March 11th, the matinee commencing immediately after school dismisses. One cannot help but wonder why it is that "Uuncle Tom's Cabin" always proves a drawing card, yet there is nothnig so very wonderful about it when once the plot and presentation of this realistic drama is taken into consideration. We have read "Uncle Tom's Cabin" as many as twenty times, and always with absorbing interest, and so, too, we have seen it presented on the stage as many as forty times, and it seems as if we enjoy the last better than any previous rendition. There is that about the plot of "Uncle Tom's Cabin" a combination of drama, comedy, with humor and pathos, all blended so naturally and realistically that the audience lives through it all, becomes part of the players on the stage, and have their sympathies aroused to a degree that makes them think they are witnessing a real drama in every day life.

BANKRUPT'S PETITION FOR DISCHARGE AND ORDER OF NOTICE THEREON

In the District Court of the United States, for the Fifth Division, District of Minnesota.

In the Matter of Martin Gudmunsen, Bankrupt, in Bankruptcy.

To the Honorable William A. Cant, Judge of the District Court of the United States for the District of Minnesota:

Martin Gudmunsen, of the City of Brainerd, in the County of Crow Wing, and State of Minnesota, in said District, respectfully represents that on the 5th day of October, last past, he was duly adjudged bankrupt under the acts of Congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the court touching his bankruptcy.

WHEREFORE, he prays that he may be decreed by the court to have a full discharge from all debts provable against his estate under said bankrupt acts, except such debts as are excepted by law from such discharge.

Dated this 29th day of February, A. D. 1924.

MARTIN GUDMUNSEN,
Bankrupt.

Order of Notice

District of Minnesota, ss.

On the 4th day of March, A. D. 1924, on reading the foregoing Petition, it is—

ORDERED BY the Court, that a hearing be had upon the same on the 19th day of April, A. D. 1924, before the said court, at Duluth, in said district, at ten o'clock in the forenoon; and that notice thereof be published in The Brainerd Dispatch, a newspaper printed in said district, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted.

And it is further ordered by the court, that the clerk shall send, by mail, to all known creditors, copies of said petition and this order, addressed to them at their places of residence as stated.

WITNESS The Honorable Wm. A. Cant, Judge of the said court, and the seal thereof, at Duluth, in said district, on the 4th day of March, A. D. 1924.

JOEL M. DICKEY,
Clerk.

By E. CATHERINE NEFF,
